

Phoenix St. Peter Academy

Early Help Offer to Families

At Phoenix St. Peter Academy we recognise that some families and children will need extra support in order to be healthy, to be safe and to achieve their potential. Early help is about children and families getting the right help at the right time. It's about identifying problems at an early stage and providing purposeful and effective help as soon as possible to prevent those problems escalating and becoming more complex to resolve. Please speak to any member of staff if you would like to know more or access our Early Help offer.

Early Help can be offered to children, families and parents:
So that problems don't arise in the first place (prevention)
So that problems are dealt with early (early intervention)

So that we support children, young people and their families when they are more vulnerable and have more complex longer-lasting needs e.g. SEND.
